

## JOIN AND EXPLORE THE FAR REACHES OF DENTAL CARE

*Need Some*  
**DENTAL TLC?**

**BOOK NOW**

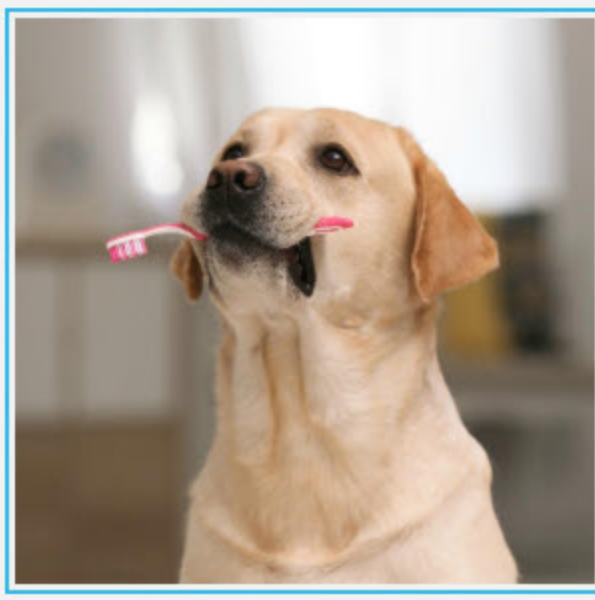

**Call us at (713) 468-8253 today  
to schedule your pet's dental appointment!**

### **Join the Sparkle Squad!**

We think our amazing patients are the perfect candidates to join a very special, elite group of pet cadets in **The Sparkle Squad**.

The mission: a clean and healthy mouth, with teeth that sparkle like stars.

But make no mistake; this mission isn't just about pretty white teeth. You see, **by the time they reach 3 years of age, most pets have developed dental disease**. Dental disease causes painful damage to the teeth and gums and can even affect your pet's entire body, harming vital organs like the kidneys, liver, and heart.

So the mouth, a pretty small part of your pet's body, can actually cause cosmic catastrophes! That's why dental care is so important for your pet's overall health, and why we're looking for Sparkle Squad recruits.

### **Houston, we have a problem.**

Dental disease is **very** sneaky. Some pets with dental disease will show obvious symptoms like bad breath, excessive drooling, pawing at the mouth, visible tartar and/or gum inflammation, chewing oddly, or being less keen on dinner than usual.

But animals are so skilled at hiding signs of illness and going about their business despite discomfort or illness, you may see **no** signs of dental disease at all.

**We're asking our awesome clients, The Sparkle Squad supporters, to consider bringing their pets in to see us for dental evaluation and treatment.**

Maybe you're already aware of the impact of dental health but aren't quite sure where to start? Does your pet need a comprehensive dental assessment and treatment, or is it simply time to start brushing those teeth at home? Please contact us! We'll review your pet's flight plan for dental health and make sure all systems are go.

We're here to help you and your pet shoot for the moon with great health! **Contact ground control (that's us!) today at (713) 468-8253** to schedule your pet's dental appointment.

Sincerely,  
Your friends at Brittmoore Animal Hospital
